## **Wall Schools Mission Statement**

The Mission of Wall School District 51-5 is to empower all students to fully develop their potential to succeed in an ever-changing world.

## Wall Schools Vision Statement

A district of innovation and inspiration striving for academic excellence

### Welcome

The Wall School District extends a sincere welcome to all students in grades 7-12 for the 2014-2015 school year. The staff and administration look forward to serving students throughout the coming year as we continue to strive toward the common goal of providing students, with the quality of education they need and deserve.

This handbook has been prepared to familiarize the students, parents, and staff with the policies of the Wall High School. It is our aim to provide the best educational environment possible and to accomplish this it becomes necessary to have certain rules imposed on all of us. Students who accept this idea will more easily adjust to our complex society after leaving the Wall High School. It is our hope that this information will provide a better understanding of the school and consequently will result in better cooperation and closer harmony among all parties involved.

You, the students of the Wall High School, have a rare opportunity that many students do not have. You have an excellent facility to come to and claim as your school. It will take an effort both from the students and the staff to keep this facility looking good. Take pride in what you have and do your part in keeping the building and the surrounding campus free from litter and unnecessary marks on the walls, floors, etc. Start a new era of respect toward others in and out of school. Set the example!

### Attendance

Students learn best when they attend school every day. When students miss school, they miss important lessons and essential skills needed for academic success.

Regular attendance establishes patterns of responsibility and commitment that will serve students throughout their lives, including in the workplace, the military, college, or trade school.

To support students and families, the school attendance policy is dedicated to help to improve regular attendance. We are striving to improve daily student attendance, increase communication between school and parents/guardians or families, and connect students and families to resources that meet their individual needs and help them overcome obstacles to regular attendance. Parents are encouraged to keep track of attendance by using the "Parent Portal".

There are numerous issues – social, medical, or family – that can impact a student’s attendance. As serious as these issues may be, all can be overcome with support from school staff, family members, and service providers who work with our school. The school counselor will be able to help with locating resources to help your child succeed.

Please take into account the TOTAL number of days your child has missed a class or classes due to very legitimate reasons such as: medical appointments, college visits, field trips, etc. Mixed with illness and other unavoidable absences, the number of days out of class interferes with learning. The 4-day school week has put a premium on time spent in the classroom. Appointments etc should be scheduled on a non-school day whenever possible.

- **Freshman, sophomores, and juniors** must be in attendance all eight periods of the school day and enrolled in courses for six class periods and 1 study hall.
- **Seniors** must be in attendance all eight periods of the school day and enrolled in courses for six class periods and one study hall unless they have been approved as a part-time student or a partial class schedule has been approved because of special circumstances.
- **Students will be recognized for Perfect Attendance at the end of the school year.** Perfect attendance is defined NO ABSENCES from any class and no more than 6 tardies for the school year.
- If a student misses three or less days during the school year they may be excused from school for the last 1 ½ days.
- Students are allowed 12 absences per class per school year. After the 8<sup>th</sup> absence from a class during the year, the student and parents will be notified by letter. After 10 absences, a mandatory meeting with parent/guardian will be held. After 12 absences, the student may lose credit for the class and an F will be posted to the official transcript.
- For each day missed after the 12<sup>th</sup> day will be made up with Friday Morning Academy. Missing an assigned Friday morning will be counted toward total absences.
- In cases of absence because of illness, a doctor’s statement may be required and each day will count as one absence except in cases where the illness requires a student to be gone for consecutive days. Under those circumstances, each day will count as one absence on the permanent record but in counting days absent as a determiner for privileges, each illness is considered one absence. A family emergency, such as a death in the family, critical illness in the family will be counted in the same manner.
- Vacations and or trips of any nature (hunting, fishing, skiing, etc. will be counted as one excused absence for each day missed, provided the work is made up prior to missing school.
- Any other absence shall count as one-day absence per day missed.
- Juniors and seniors are allowed two campus visits with arrangements made through the guidance counselor.

Philosophy: The activities program should be an integral part of the educational process of the Wall School District #51-5. It should promote a greater desire in our student body and community to take an active part in our activities program either as a participant or as a spectator. Our aim is to develop highly competitive activities but not to lose sight of educational values, such as sportsmanship, health, scholastic attainment, etc. The program is to occupy a position in the curriculum comparable to that of other subjects and to aid in promoting positive school morale.

One of the goals of the four-day school week is to improve student achievement. To work toward the accomplishment of this goal, the district will encourage scheduling of activities for Thursday evenings, Fridays, and Saturdays as much as possible. The facility on Monday and Tuesday nights should be dark by 8:30 P.M. On Wednesday night the facility should be dark by 6:00 P.M. to accommodate the local churches. There will be an attempt to schedule as many activities off school time as possible.

## **Behavior Information**

### **Appropriate Behavior Expectations**

The development of responsible behavior and self-discipline among students occurs at two levels within a school. Since the student spends the greatest amount of time during the school day in the classroom, the classroom teacher must assume the primary responsibility for gaining the respect and cooperation of the students so that an effective learning environment may be maintained. Each teacher will apply a carefully thought-out approach to classroom discipline and administer it with a sense of fairness and consistency.

Students are expected to follow directions given by ANY staff member while on school grounds or at school-sponsored activities. At other times, school personnel may take disciplinary action if the situation effects the operation of the school.

- Classroom teachers are expected to correct all student behaviors within the school setting that are considered to be inappropriate by the teacher, the principal, or the board of education.
- Teachers should initially correct inappropriate behavior by a student through telling the student the behavior is inappropriate.
- If the student does not respond to the teacher's request, the teacher will assign corrective consequences.
- Examples of corrective consequences from a teacher are: verbal reprimand, assigning the student to a particular seating arrangement, keeping the student after school in an attempt to solve the problem or modify the students' behavior, etc.
- If the students' inappropriate behavior persists, the teacher may send the student to the principal for further disciplinary action.

- If the student is sent to the principal's office, a written incident report will be sent with the student or delivered to the principal by the end of the day.
- Teachers may send a student to the principal immediately for major infractions of school rules such as fighting, drug use, or blatant insubordination. A written incident report must follow as soon as possible.
- Teachers will communicate with the student's parents/guardians any time a student continues to display inappropriate behavior.
- Working cooperatively with the parents/guardians and using them as a resource may benefit the teacher in finding out what may be causing the student to misbehave.

The Wall School District reserves the right to address any misconduct in or out of school that may affect the reputation of the Wall School District or the educational environment.

### **Dress Code**

Students are expected to be clean and well groomed while attending school or school activities. Since health problems are a concern of the school, footwear and proper clothing are required and will be worn by all students.

School is the student's workplace. Just as adults dress to standards, so must students. ### **In School Suspension**

The act of prohibiting a pupil from attending classes and participating in school related activities for an assigned period of time. Students may practice at the discretion of the sponsor of the activity. The student serves the suspension time in a designated area of the school. The student will eat lunch and take bathroom breaks isolated from his/her peers. Assignments given during the suspension must be completed for which the students will receive 100% credit. The work must be handed in according to the teacher's instructions.

### **Out-of-School-Suspension**

The act of prohibiting a pupil from attending classes and school related activities for an assigned period of time. Students will not be able to attend practices or activities. The suspension must be served away from the school building and grounds. The student will not be allowed on school grounds during the suspension. Assignments given during the suspension must be completed for which the student will receive a maximum of 75% credit. These assignments must be handed in when the student returns to school unless prior arrangements have been made with the office.

### **Expulsion**

Expulsion is an action taken by the Board of Education to prohibit an enrolled student from further attendance for a period of time.

### **Dangerous Weapons in School**

State and federal laws, as well as board policy, forbid the bringing of dangerous weapons to school or to school-sponsored activities. Any weapon taken from a student will be reported to the student's parents/guardians. Confiscation of weapons may be reported to the police. The high school principal shall pursue appropriate disciplinary or legal action or both. A dangerous weapon is defined as any firearm, or air gun, knife or device, instrument, material or substance, whether animate or inanimate which is calculated or designed to inflict death or serious bodily harm.

**Any and all threats will be taken seriously and will be dealt with to the fullest extent of the law; this will include any hoax or false report.**

### **Alcohol/Drugs**

The following procedures will be used in dealing with possession, use, supplying, selling, transmission or being under the influence of illicit drugs and/or alcohol during the school day, at school activities, or on school premises. The order listed indicates the steps taken only, not the order in which the steps will be taken.

#### **First Offense**

- The administration will contact the parent/guardian to explain the incident and arrange a conference.
- The administration will suspend the student for four (4) days in compliance with student due process procedures.
- Within thirty-six (36) hours, the administration will notify the parent/guardian in writing of the suspension.
- Notify available law enforcement authorities.

The school district strongly recommends that students with chemical abuse problems seek professional evaluation and treatment from a trained chemical dependence counselor or a licensed physician trained in chemical dependency. Because we believe that chemical dependency is preceded by misuse, we feel confident that such early intervention can benefit the student before significant harm or dependency results. The suspension of a student who agrees to be evaluated and treated will be commuted to three (3) days. The administration will provide a list of agencies/professionals that can do the assessment and provide treatment. Fees for this assessment and treatment are the responsibility of the student and family. Upon receipt of appropriate authorization, the agency/professional will notify the school administration that the student is willing to be evaluated and to comply with the treatment process.

#### **Second and Subsequent Offenses**

- The administration will contact the parent/guardian to arrange for a conference.
- Notify available law enforcement authorities.
- The administration will suspend the student for eight (8) days in compliance with student due process procedures.
- Within thirty-six (36) hours, the administration will notify parent/ guardian in writing of the suspension.

### **Court Officers and Students**

To ensure the health and safety of the students, staff, and patrons of the Wall School District, the administration reserves the right to call local law enforcement whenever necessary. In cases when law enforcement is summoned, every attempt will be made to notify the student's parents/guardians.

As per File: JFG of the Wall School District Policy Handbook, in cases when students are interrogated by law enforcement officers, the school will make every effort to protect the rights of the student until parents/guardians arrive.

## **STUDENT RECORDS PROGRAM**

### **Security**

In order to provide added security for the students and staff of the Wall School District, classroom doors will be locked at all times. Visitors wishing to see a student or staff member must obtain a pass from the front office. Teachers are not permitted to open doors for anyone without a pass. The Wall School District maintains a network of security cameras monitoring hallways and exterior grounds, and in specific instances, classrooms. The primary purpose of these cameras is to assist in maintaining student safety and physical security of students, staff and district property. This camera system has the capability to record video information and archive it for a determined amount of time. The information gathered by these cameras may be used to assist in the resolution of disciplinary issues that arise. This information will not be made available to the general school staff or the public. Only the administrators of the Wall School District may view and/or save any of this information and release it on a case-by-case basis as required. Please be advised that while on the Wall School campus, you have the potential to be under video or audio surveillance at any given time.

### **Release of Student Information**

The students and their parent(s)/guardian(s) hereby agree and consent to the publication of pictures and audio/video of students as a result of attending, completing projects and assignments, participating in school and/or student events. If at any time you do not wish to have any pictures or video published, please notify the principal, in writing, of refusal to allow publication of any pictures, audio, or video prior to the school year. Without refusal in writing, students' pictures, video and audio recordings may be published in parent/student newsletters, school projects, the school yearbook, in newspaper and magazine articles, Teen 19 and/or on the school website, etc.

The school will release personal information relating to age, height, weight, and grade of students participating in athletic or activity programs. Students who do not want their name, grades, grade point average, or pictures used for Honor Roll, National Honor Society, yearbook, Boy's & Girl's State, etc., must have a written statement to that effect placed in their personal file in the principal's office each year. These statements will be due two weeks after school begins each fall. The No Child Left Behind legislation requires that schools provide student's names, addresses, and telephone listings to military recruiters when requested. If you do not wish this information released to the military, the school must have a written statement to that effect placed in your student's personal file in the principal's office each year. These statements will be due two weeks after school begins each fall (Sept. 23, 2010)

### **Emergency Information**

Please provide any changes in address, telephone numbers, place of employment, or emergency contact people, in writing so that we may contact you immediately should some emergency arise concerning your child. If you should be out of town when an emergency arises, the person listed on your child's emergency card will be notified. We encourage you to take some time to review your child's summary in the parent portal to ensure updated information.

### **Dispensing Medication**

Any prescription medication drugs that require supervised administration will be handled through the office. Prescription medication drugs that are to be administered must be brought to the office in the original container accompanied by a note. If a note does not come to school with your child, we will not administer the medication until written permission from the parent/guardian is obtained.

### **Student Accident/Dental Insurance**

The school participates in an insurance plan (Student Assurance Services) whereby the student can, on a voluntary basis, be insured in case of accidental injury while attending Wall Schools. The fee is payable directly to the company. All students (6-12) involved in football must take out the insurance or provide the athletic director with a written statement indicating that their parents have a policy that will cover them while participating in football. The students also have the option of enrolling in an accidental dental insurance plan (Delta Dental). If you are interested in this insurance, check with the athletic director or the principal.

### **Lunch/Breakfast Program**

Hot lunch will be served daily. Prices are as follows:

Single Student Meal (6-12)	\$ 2.50
Reduced Meal	\$ .40
Extra Milk/Juice	\$ .35
Single Adult Meal	\$ 3.50
Non-Student Meal	\$ 3.50
Student Breakfast	\$ 1.50
Extra Milk/Juice	\$ .35
Reduced Meal	\$ .30
Non-Student Breakfast	\$ 2.00

When accounts are low on funds, notice will be sent home with the student. Parents are welcome to call the office anytime to check on their balance. Free and Reduced lunch tickets are available through the school. Forms for the free and reduced lunch program can be obtained by calling (279-2156) or stopping into the office. Lunch accounts need to be paid up in a timely manner and the school will not carry overdue accounts over 2 months per student.

It is important to maintain proper decorum in the cafeteria. Be courteous, careful, and follow the directions of your supervisor. Students are encouraged to try a variety of items on the lunch menu. Federal laws do not allow consumption of pop (soda) in the lunchroom during lunch hours.

### **Withdrawal From School**

Students planning to transfer to another school or withdraw from school need to start the process in the principal's office. Checking out cannot be accomplished in a few minutes. All outstanding obligations to the school must be satisfied before the student's withdrawal is complete. No records will be forwarded until the withdrawal process is completed.

### **Junior-Senior Privileges**

- Junior-Senior Privileges may be granted at mid-term of the first quarter of the school year for eligible seniors, and at the beginning of the second quarter for eligible juniors earning privileges after the first quarter.
- **Senior students who have tested proficient and above in all areas of the Dakota STEP exam taken during their junior year may start their privileges at the start of the school year.**
- Juniors and seniors with a GPA of 2.75 or better and no grade lower than C- for the previous nine week's grading period (first four week grading period for seniors at the beginning of the year) will be given the privilege of leaving campus for lunch or study hall.
- Jr/Sr. privileges are permitted to leave the campus during lunch and study halls. However, they are not allowed to drive without permission from the high school principal.
- The high school principal may remove a student from Jr/Sr privileges for any violation of the student policy handbook, if the student's attendance, tardiness, or behavior becomes a problem, or if their grade(s) fall below passing. It is important to remember this is a privilege and not a right. Any junior or senior who is tardy or absent for any part of the day will lose their junior/senior privileges for that day.
- Junior-senior privileges require documented parental permission prior to implementation.
- Students must also have their student handbook signature page signed and turned into the principal's office before being released for privileges.

### **Special Student Status**

Students may apply to the Wall Board of Education for classification as special students, allowing them to be excused from a class or a group of classes (all PM classes; periods 3-4; etc). Circumstances allowing this status include, but are not limited to: medical problems (taking care of an ill sibling or parent; pregnancy; etc); economic problems (the need to work to supplement the family income), etc.

### **Release Time Classes**

In cooperation with the Wall Area Churches, which have requested release time for students in grades K-8, the Wall School District does allow students to be dismissed from school each Wednesday afternoon at 2:30 pm to go to their respective churches for a period of religious instruction. The parents must make a written request for this release time and submit it to the High School principal's office. Forms are obtained from the church. If during the year your wishes change concerning your child going to church school, please inform the church and school in writing. It is the responsibility of the parent to contact the church if their child (ren) will not be attending church release on any given day. The children attending church release must go directly to their church.

### **Inclement Weather**

The school district will use the School Reach automated calling system to inform students/parents of weather or other special events. This system allows the school to inform all households in a very short period of time. Please make sure the school has updated contact information.

If the Wall School District dismisses school due to inclement weather or an emergency, the following radio and television stations will provide the information:

KIMM 1150; KOTA 1380; KBHB 810; KKLS 910; FOX 100.3; KKAT 98.7; KMKM 93.9;  
KOTA TV 3 & 11; KEVN 4, 5 & 7 and KELO 6 & 11

We need to keep the phone lines open. Please don't call the administration. Please tune in to one of the above stations so that you will know the status of our school day. If school has been cancelled due to inclement weather, it makes sense that students do not come to school for any reason.

### **Final Day of School**

Students must have their checkout sheets signed by all of their instructors, the librarian, their coach(es), the computer teacher, the secretary, the tech director, and the high school principal before students are excused for the year and final grades are issued.

### **Grading Policies**

**Wall teachers grade on the following scale:**

<b>A</b>	<b>100 - 93%</b>
<b>B</b>	<b>92 - 86%</b>
<b>C</b>	<b>85 - 78%</b>
<b>D</b>	<b>77 - 70%</b>
<b>F</b>	<b>69 -- 0%</b>

Wall teachers will weight their semester tests or projects as follows: Quarter 1 will be weighted 40%, Quarter 2 will be weighted 40% and the semester test/project will be weighted 20%. Quarter 3 will be weighted 40%, Quarter 4 will be weighted 40% and the semester test/project will be weighted 20%.

### **GPA**

**AP and Dual Credit courses are on a weighted/5.0 scale (students receive 5 points for an A, 4 points for a B, 3 points for a C, and 2 points for a D). All other courses are on an unweighted/4.0 scale (students receive 4 points for an A, 3 points for a B, 2 points for a C, and 1 point for a D). If a student takes a course in middle school for high school credit (such as Algebra I) and passes the end of course exam, the semester grades that the student received are listed on their high school transcript but are not calculated into their cumulative high school GPA. Only courses taken in high school are calculated into the cumulative high school GPA.**

### **Incompletes**

Except in extenuating circumstances (extended illness, injury, etc.), all incompletes must be made up within two weeks after the end of any grading period, including the end of the school year. During that time students will be required to stay after school during the extra help time and/or attend the Friday Morning Academy. After two weeks the incomplete grade (I) will revert to a grade of (F) indicating no credit. The principal and the teacher(s) involved will determine any deviation from this policy. Not all situations are the same and each will be dealt with individually. Midterm reports and report cards will be mailed out if parents/guardians provide a stamped, self-addressed envelope.

### **National Honor Society**

Membership in the National Honor Society is earned by the effective demonstration of the four qualities held in high esteem by the Society. They are: Scholarship (commitment to learning), Service (willingness to work, without compensation for the benefit of those in need), Leadership (exerting a wholesome influence on the school and community), and Character (demonstration of respect, responsibility, trustworthiness, fairness, and citizenship).

Membership will be determined by a Faculty Council and the following criteria: Submission of an information form documenting: Minimum 3.5 GPA, two letters of reference attesting to the good character of the nominee, at least one from the community, involvement in a leadership role at school, involvement in school activities, involvement in community and other

service organizations, documentation attesting good character, activities in and out of school (i.e. alcohol related incidents, on-line blogging activities, etc.) may be used in determining character, and a signed, typewritten, one to two paragraph statement expressing why you feel you should be accepted into the National Honor Society.

If selected, members must maintain the high standing of which they were selected and will be expected to be active members (attend meetings, participate in NHS sponsored activities, etc.)

### **Progress Reports**

Progress reports will be given to parents/guardians of all students at the mid-point of the first and third nine-week grading periods, during parent/teacher conferences. They will be issued at the midpoints of the second and fourth nine-week grading periods. However, a progress report can be sent to a parent/guardian at any time the teacher feels it would be beneficial to the student. If a student's performance takes a sudden turn downward, a progress report should be sent or a phone call should be made to the parent. Midterm reports and report cards will be mailed out if parents/guardians provide a stamped, self-addressed envelope.

### **Report Cards**

Wall Schools operate on a four, nine weeks system. Report cards will be issued to the students following the first, second and third nine weeks. The final report cards will be available in the office four working days following the last day of the current school year.

### **After School Help**

From 3:30 PM to 3:52 PM all teachers will be available for those students who want to improve their grades or are at risk of failing a class. Mandatory after school help time will be assigned for those students at risk of failing. In order for students to be excused from a mandatory after school help assignment, parents will need to contact the school. Students taking advantage of the after school help time will be required to sign in. No extra-curricular activities will begin before 3:52PM. Exceptions to the after school help policy must be cleared with the administration prior to the change. Student organizational meetings may be scheduled on Thursday afternoons at 3:32 PM. Schedule all meetings through the office.

### **Friday Morning Academy**

Students in need of extra time or extra help should attend the Friday Morning Academy. It will be scheduled on Friday mornings when there is no school or teacher in-services scheduled, from 7:30AM to 11:30 AM. During this time students will be able to work with a teacher to complete any missing, incomplete, or unsatisfactory assignments. Tutoring may also be scheduled at this time, if requests are made in advance.

### **Parent-Teacher Conferences**

Conferences will be held at the midpoints of the first and third nine weeks. The dates will be posted on the yearly calendar and the school website. The staff will be available for conferences in the Multipurpose Room or in their classrooms on a walk-in basis, unless other arrangements have been made in advance.

### **Honor Roll**

Wall Schools will publish honor rolls at the end of each nine weeks. Students with a GPA of 3.75 and higher will be placed on the Gold Honor Roll; a GPA between 3.37 and 3.749 will be placed on the Silver Honor Roll and those students earning a GPA of 3.00 to 3.369 will be placed on the Bronze Honor Roll. Any grade of D, F or I (Incomplete) will forfeit any honor roll placement. Gold Honor Roll Plaques will be awarded at the spring academic banquet to those students earning a place on the Gold Honor Roll for four consecutive quarters.

### **Student Classification**

All students will be classified at the beginning of each semester using the following formula:

Fall Semester:	Sophomores must have 5.5 or more credits
	Juniors must have 11 or more credits
	Seniors must have 16.5 or more credits

Spring Semester:                      Sophomores must have 8 or more credits  
    Juniors must have 13.5 or more credits  
    Seniors must have 18.5 or more credits

### Correspondence/Distance Education Courses

With approval of the principal, Wall High School students may pursue correspondence/distance education courses through the South Dakota Virtual High School. **The student is responsible** for the cost of the course, but the school district will purchase the textbook/course materials as funding allows and at the discretion of the principal.

Juniors and seniors have the option to take one or more online AP courses through Learning Power (NSU E-learning Center). This would make them eligible for college credit (depending on the results of their AP exam at the end of the school year). There are opportunities to take AP courses in the areas of English, Calculus, Biology, Physics, Statistics, & Chemistry. Contact the Wall School Guidance Counselor or go to <http://learningpower.tie.net> for details.

Students have to option to take online classes via Odysseyware for credit recovery purposes, if there are conflicts with their schedule, and/or if approved by the principal. The following policy applies when taking Odysseyware classes, unless otherwise approved by the principal:

- Students are required to meet with their assigned teacher at least one time per week to get help, discuss their progress, etc.
- Students will receive a course calendar from their assigned teacher and must stay caught up with their class. For example, if they are taking a one semester class they must be 25% complete by 1<sup>st</sup> quarter midterm, 50% complete by then end of 1<sup>st</sup> quarter, 75% complete by 2<sup>nd</sup> quarter midterm, and 100% complete by the end of the 2<sup>nd</sup> quarter. Failure to do so may result in reduction of their grade.
- Students only have one semester to complete a one semester class. Students will have two semesters to complete year- long classes.
- Students that take a course over the summer for credit recovery purposes must complete the course by the end of the summer, unless otherwise approved by the principal/superintendent.
- Students are not able to take Odysseyware classes if they are already taking a full load of courses.

With approval of the principal, Wall High School students may pursue college courses for dual credit from approved institutions. As stated above, the student is responsible for the cost of the course, but the school district will purchase the textbook/course materials as funding allows and at the discretion of the principal. A college course earning three (3) or more college credits will earn 1 credit toward high school graduation.

### Course Syllabi and Semester Tests

A clearly articulated course syllabus will be provided for each course taken in order to assist students and parents to have a clearer understanding of the course description, the teacher’s instructional philosophy, goals and objectives, major projects, student assessment, and how assignments and tests are weighted. Semester tests or projects will be administered in all grade 9-12 classes. **All students will be required to take the semester tests and it will count in the overall semester grade. The exception will be second semester seniors and students who have missed less than 3 days of school for the entire school year and have an “85%” or better in the class.**

## Schedule Changes

Students may not drop a class or change a schedule after the end of the first week of any semester. Any adding or dropping of classes must be approved through the school principal and within the restraints of the class schedule (class size, etc). A student who wishes to change a class should make the change as soon as possible so he/she will not get behind in the new class. Students carrying an overload of classes may drop a class or classes within the first two-week period of each semester as long as they will still be carrying a normal load of 6 classes, and they will be able to graduate in the normal 4-year period of time. Special consideration will be given only after a student, parent, teacher, and principal conference with a consensus agreement that it would be in the best interests of the student.

## GRADUATION INFORMATION

### Graduation Requirements

Students graduating must have earned 22 credits. Many of the credits are required by either the South Dakota Board of Education or by the Wall School Board of Education. Students are encouraged to take as many of the upper level math and science classes as they can.

The counselor will meet with juniors during their spring semester to discuss deficiencies before seniors start their final year. Seniors earning failing semester grades for required courses for their final semester will be included in graduation ceremonies. Signed diplomas will be available in the office within one week of the graduation ceremony.

Students should keep track of their progress toward graduation; questions may be directed to either the counselor or the high school principal. Students also need to keep track of the entrance requirements for the post-high school institution(s) of their choice, including current NCAA and NAIA requirements.

NCAA eligibility requirements and registration information can be found on the NCAA website, which is [www.eligibilitycenter.org](http://www.eligibilitycenter.org).

NAIA eligibility requirements and registration information can be found on the NAIA website, which is [www.playnaia.org](http://www.playnaia.org).

To have NCAA eligibility determined by the NCAA Eligibility Center or NAIA eligibility determined by the NAIA Eligibility Center, students must have their ACT or SAT test scores sent to the NCAA (Code: 9999) or NAIA (Code: 9876) directly from the testing service.

### **Vocational Equivalency Credit**

Successful completion of physical science and biology are required for graduation from the Wall High School. In addition to the required science classes, students who have successfully complete four (4) years of agriculture classes will be granted a science elective equivalency credit to use toward graduation from the Wall High School. This option may be used to graduate from Wall High School but may not be used to meet the condition for three (3) years of lab science required for university admission by the South Dakota Board of Regents.

Students using this as an alternative route for graduation need to be aware that this does not meet the requirements for the South Dakota Opportunity Scholarship as students must earn four (4) science credits including a minimum of three (3) lab science credits to be eligible for this scholarship. Refer to the SD Opportunity Scholarship website at <http://sdos.sdbor.edu/redirect.cfm> for specific SD Opportunity Scholarship eligibility requirements and the Regents Scholar Diploma website at <http://www.sdbor.edu/services/studentaffairs/regentscholars.htm> for specific Regents Scholar Diploma eligibility requirements.

### **Early Graduation**

Students wishing to pursue early graduation will need to apply with the High School principal no later than the fall semester of their senior year.

### **Graduation Honors**

- Any High School graduate with an accumulated Grade Point Average (GPA) of 3.75 will be on the **Gold Honor Roll**, will wear white Honor Cords and will receive honors as Summa Cum Laude. Those graduates with a GPA of 3.37 - 3.749 will be listed on the **Silver Honor Roll**, will wear red Honor Cords and will receive honors as Magna Cum Laude. Those graduates with a GPA of 3.00 - 3.369 will be on the **Bronze Honor Roll**, will wear gold Honor Cords and will receive honors as Cum Laude. The members of the National Honor Society will receive and wear a National Honor Society stole and blue/gold honor cord. Valedictorian and Salutatorian will be selected based on the following criteria:

- Students for valedictorian and salutatorian will be selected using a weighted GPA. If two or more students receive all A's and have taken the same number of AP or Dual Credit courses (courses that are weighted) they will be co-valedictorians and/or salutatorians.
- Only courses that receive a letter grade may be used in the selection process of valedictorian and salutatorian. Pass/Fail classes will not be used in GPA calculations.
- All candidates must have registered in the Wall High School for at least two school years, including their junior and senior year to be considered.

## **PARTICIPATION IN SCHOOL ACTIVITIES**

- Eligibility will be established at midterm and at the end of each nine-week period. At these times, if a student is not passing five (5) of his/her classes, he/she will be ineligible until he/she is passing 5 classes. The ineligibility of a student will carry over from one year to the next. This will include all games before school starts.
- If parent(s)/guardian(s) wish to inquire as to the status of your child's grade(s), they may use the parent portal or visit and/or call the school and consult with the child(ren)'s teacher(s).

### **Eligibility: Grades 9-12**

- All students, unless they are entering high school as first semester freshman, shall have successfully passed twenty hours of high school work per week, for which academic units of credits earned for graduation are used in the issuance of a diploma, for the preceding or for the most recent quarter of attendance in any accredited high school.
  - Enrollment in school for fifteen school days or participation in one or more contests shall constitute a semester in determining eligibility.

- Failure to pass twenty hours the previous quarter causes the student to become ineligible for the next quarter until midterm when eligibility is reassessed. (If students fail a quarter, they are at risk to fail a semester.)
- Eligibility will formally be determined at midterm and at quarter breaks, but students may regain or lose eligibility at any time within a quarter unless they failed the previous quarter. Then they are ineligible until the following midterm.
- Only credits accepted by the school may be used in determining whether a student has passed the twenty hours.
- Correspondence courses approved in advance by the high school principal for credits used in the issuance of a high school diploma may count towards the 22 academic eligibility requirements.
- Twenty hours is the equivalent of five full time academic subjects for which the students earns 2.5 units of credit that will be used in the issuance of a diploma.
- \*If a student fails to pass 20 hours in one semester, by state law they are not eligible for the following semester. This does carry from one year to the next.

Students will not:

1. Use tobacco products.
2. Drink or possess alcoholic beverages.
3. Use or possess any illicit drug, drug paraphernalia or controlled substances unless prescribed by a physician.
4. Commit crimes against person or property.

### **To the Participant**

If you become involved in a violation of the training rules, you should remove yourself from the situation as soon as possible. If you feel it is necessary, you should advise your coach/advisor as soon as possible.

Examples:

1. If you get into an automobile and a violation of the training rules is taking place; remove yourself as soon as it is safe.
2. If you walk into an area where a violation of the training rules is taking place; remove yourself immediately.
3. If you enter a public establishment in which minors are permitted and alcohol is served to those allowed by the law, you should not violate any of the training rules.
4. Do not enter into a situation in which you know that a violation of the training rules is taking place.
5. If at any time someone tries to get you involved in a training rule violation, your coach/advisor should be advised immediately so they can help you.

### **Activity Rules**

1. It is the policy of the Board and Administration that rules of participation, training, lettering, dress and conduct shall be established for all extra-curricular activities. The coaches and directors involved shall write these rules and they shall be approved by the Administration and Board and shall be rigorously and impartially enforced. These rules are to be submitted two weeks prior to the Board meeting immediately prior to the start of the activity.
2. **Students will NOT be allowed to participate in two athletic school sponsored activities at the same time. (students need to choose – example / track or golf – can't participate in both)**
3. Students in activities must have passing grades as per Wall School eligibility policy. To allow time for students to complete make-up work, get needed help on assignments, complete missed tests and quizzes, and to assure teacher time available for students participating in activities, the gym will be closed to students after school each day until 3:50 P.M.
4. Students must be in school the day of an activity in order to participate or attend a school activity unless they are excused by the principal.
5. Students must have their work made up in advance and their make-up slip turned in to the advisor of the activity before they leave for an activity, or they will not be able to attend the activity. The activity advisor will make sure the principal receives the completed make-up slips before they leave for an activity. If a student is not going on the activity for any reason, the advisor will notify the principal. If they do attend without the make-up slip turned in to the office, they will not attend the next activity out of town.
6. All students directly represent the school and community, and shall conduct themselves and dress according to the guidelines set by the sponsor when attending activities.
7. Students on suspension from activities may practice at the discretion of the sponsor of that activity, but will not perform before the public or travel to out of town activities.
8. Violations of the activity rules prior to the end of the last scheduled school activity of the school year will be carried over to the start of the next school year; provided there is not an opportunity for the student to serve the

punishment prior to the end of the school year. The violation will be considered the first violation for the new school year.

9. Parents or guardians will be informed of policy violations when disciplinary actions are taken. If an activity participant is referred to the police for a violation of the alcohol/drug policy while participating in an out of town activity, the parent or guardians will be responsible for his/her travel.
10. All students going on school-sponsored trips will be transported by school bus or in school authorized vehicles supervised and driven by authorized adults, unless special arrangements are made with the advisor/coach. If a student is allowed by the advisor to ride with their parents/guardians or another adult, personal contact must be made by the parent/guardian requesting special permission to travel to the activity by means other than the school-provided vehicle. A note signed by the parent/guardian must accompany the request. The advisor/coach will notify the principal. If students are required to use school transportation to travel to an activity, and they travel to the activity by another means; they will not be allowed to participate in the activity. Students must ride home from activities in school-provided vehicles except when the following arrangements have been made:
  - Students may ride home with their parent/guardian provided the parent/guardian personally notifies the advisor after the activity.
  - Students may ride home with another adult provided the advisor of the activity has had personal contact with the student's parent/guardian and a note signed by the parent/guardian is given to the advisor of the activity. It is the responsibility of the advisors to inform the participants in their activities of the rules that apply.
11. Activity/Training rules will start at the first day of practice for the fall sports season, as set by the South Dakota High School Activities Association and end on the completion of the SDHSAA State Track Meet for all students enrolled in the Wall School District. Regardless of the quantity, students shall not be in possession of or use alcoholic beverages, illegal drugs, or tobacco products. It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the participant's own use by his/her doctor. The following is the procedure to be used when drug and alcohol violations occur. The order indicates the steps taken only, not the order in which the steps will be taken.

#### First Violation

- Committing crimes against persons or property, possession or consumption of alcohol, illicit drugs, or tobacco will carry one or more of the following penalties in addition to consequences set forth above.
- Penalty: After confirmation of the first violation the student shall lose participation in all activities for a period not less than 14 consecutive calendar days.

#### Second Violation (Occurring in the same school year)

- Penalty: After confirmation of the second violation, the student shall lose all participation in all activities for the remainder of the current school year.
- Violations of the activity rules prior to the end of the last scheduled school activity of the school year will be carried over to the start of the next school year; provided there is not an opportunity for the student to serve the punishment prior to the end of the school year. The violation will be considered the first violation for the new school year.
- 

**Extracurricular or co-curricular activities are events which are sponsored by the school and are performed by students that fall outside the realm of the normal curriculum, of which student participation is not mandated for a course grade.**

### **SD CODIFIED LAW 13-32-9 SUSPENSION FROM EXTRACURRICULAR ACTIVITIES FOR CONTROLLED SUBSTANCE VIOLATIONS**

Any person adjudicated, convicted, or the subject of a suspended imposition of sentence for possession, use, or distribution of controlled substances or marijuana as defined in chapter 22-42 is ineligible to participate in any extracurricular activity at any secondary school accredited by the Department of Education and Cultural Affairs for one year. Upon a subsequent adjudication, conviction, or suspended imposition of sentence for possession, use, or distribution of controlled substances or marijuana by a court of competent jurisdiction, that person is ineligible to participate in any extracurricular activity while that person is attending any school accredited by the Department of Education and Cultural Affairs. Upon such a determination in any juvenile proceeding the Unified Judicial System shall give notice of that determination to the South Dakota High School Activities Association and the chief administrator of the school in which the person is enrolled.

### **Students not involved in any activities**

If a student violates the school's policy pertaining to alcohol, illicit drugs, or tobacco they will not be allowed to attend the next three scheduled home varsity or high school events.

Penalties shall commence when the school official (coach or activities/athletic director or principal) has completed his/her investigation, or they have received official notification from law enforcement authorities, or the student involved.

(Accusations of offenses made by a community member must be brought to the attention of the principal or activities/athletic director no later than the fifth school day following the offense. Individuals making the accusation(s) must have witnessed the training rule violation, and must be willing to sign a statement of the offense, and must be willing to back it up with details when the student involved is confronted.)

## **STUDENT GRIEVANCE AND PROCEDURES**

A grievance is defined as a complaint lodged by a student with a member of the staff or administration alleging one or more of the following unfair practices: 1) that a school rule is unfair; 2) that a school rule or regulation discriminates among students based on sex, age, race, color, religion, national origin, or disability. The grievance procedure and forms may be found on the Wall District website or a copy may be picked up in the school office; 3) that an unfair procedure has been used in arriving at a punishment. The steps and forms are found on the school website and/or may be picked up in the office.

### **Public Complaints (File: KL - Wall School District Policy Handbook)**

The district welcomes constructive criticism of the schools when it is motivated by a sincere desire to improve the quality of the education program and to help the school personnel in performing their tasks more effectively.

Whenever a complaint is made directly to the board as a whole or to an individual board member, the individual or group involved will be advised to take the concern to the appropriate staff member and the administrator in charge.

The board believes that complaints and grievances are best handled and resolved as close to their origin as possible, and that the staff should be given every opportunity to consider the issues and attempt to resolve the problem prior to involvement by the board. The proper channeling of complaints is as follows:

1. The complainant should discuss the complaint in a timely manner with the personnel involved and the administrator in charge.
2. If, after informal discussion with the staff member and the administrator in charge, the complainant is not satisfied, the complainant may fill out the formal complaint form and submit it to the administrator in charge. The administrator then will respond in writing to the complainant within ten (10) days.
3. If the complainant is not satisfied with the written disposition of the matter by the administrator in charge, the complainant may, within ten (10) days after receiving the written response, appeal the matter to the superintendent, who will read the written complaint and the administrator's written response and will meet with the complainant if requested. The superintendent then will respond in writing to the complaint within ten (10) days of receipt. (Note: A complainant may bring an informal complaint to the superintendent after having the informal discussion with the staff member and the administrator in charge, but if this does not resolve the matter, it is required that the complaint form be filed with the administrator in charge before the superintendent will render a formal decision.)
4. If the complainant is not satisfied with the written response of the superintendent, the complainant may, within ten (10) days after receiving the written response, request placement of the complaint on the agenda of the next regular board meeting. In considering the complaint, the Board will review the written complaint and the written responses of the administrator in charge and the superintendent as well as listen to oral presentation if appropriate. The board will render its decision by majority vote and respond in writing within ten (10) days of the meeting.

Exceptions to this policy will be made when the complaints concern board actions of board operations only. If the complainant fails to follow the timelines given above, the complaint will be considered to be resolved. If the principal fails to render a written response in a timely manner, the complaint may appeal to the superintendent. If the superintendent fails to render a written response in a timely manner, the complaint may be appealed to the board.

Copies of the district complaint form will be available in the offices of all administrators. A complainant will be given a copy of this policy along with the complaint form. For purposes of the timelines stated in this policy a “day” refers to a day that school is in session, except that during the summer it refers to regular working days that the Business Office is open.

#### Public Complaint of Federal Programs and Homeless Programs

The time may arise when a parent/guardian, student, employee, or district stakeholder may have concerns about the Federal Programs (such as the use of federal NCLB funds). These concerns may also address the enrollment and/or other barriers to the education of children and youth experiencing homelessness. If such case arises, the complainant should begin the proper channel of complaints (1) by discussing the complaint in a timely manner with the district’s federal programs director. The channel of complaints will follow that of a Public Complaints. If at the end of the process the complainant feels the complaint is unresolved, he/she/they may forward the complaint to the South Dakota Department of Education.

### **Parental Rights Summary**

This handbook is also for the purpose of alerting you to all of your rights as parents under current guidelines and/or legislation. These rights include several areas. The first area in which the Legislature has recently specified parental rights concerns your right of access to all educational records maintained on your child. You have the right to see all of the records and test results maintained by any public educational agency for your child. You have the right to request copies of any records and test results maintained by a public educational agency on your child. You have the right to have the school records explained to you in terms that you can understand. If the language that you speak at home is not English you have the right to have these records translated into the language you normally use. If you disagree with an entry in your child’s record, you have the right to ask the school to change the incorrect record. If the school refuses to correct your child’s records you have the right to request an impartial hearing at no cost to yourself where a determination will be made concerning whether the records should be changed. Any persons of your choice including your lawyer may assist you at this hearing; however the school is not required to pay the cost of legal assistance. If the hearing officer decides that the record is not in error, you still have the right to place an explanation of the entry in your child’s record you have challenged which explains your side of the story. Your explanation must accompany your child’s record any time it is examined by anyone else. In addition to these rights concerning your child’s educational records, the United States Congress, the South Dakota legislature and the Division of Elementary and Secondary Education have enacted certain laws and regulations concerning educational services for children who need extra help in school.

The outline of rights presented will be separated into two parts; one, what you may do if you believe your child needs special assistance in school and two, what you are entitled to do if the school believes your child is in need of special treatment. If you believe your child requires special assistance in school you have the following rights:

You have the right to request the school conduct an evaluation of your child. This evaluation shall be free of cultural or physical bias insofar as possible. For example, if your child is blind, the evaluation may not be done through tests that require eyesight.

If the school refuses to evaluate your child, you may request an impartial hearing to determine whether your child should be evaluated. You may obtain an evaluation for your child at your own expense and if the hearing officer concludes that the school should have granted the evaluation or that the school’s evaluation was incomplete, you may recover the cost of your private evaluations.

Following evaluation of your child, you have the right to request the school to convene a placement committee to determine what an appropriate education is for your child. The placement committee is made up of a school official, your child’s classroom teacher, other persons involved in the evaluation of your child, an expert in the suspected area of handicap, you as parents and if you so desire, your child.

The duty of the placement committee is twofold. First the committee must determine whether your child is in need of special or prolonged assistance. Second, the committee must develop an individualized educational plan designed to meet the educational needs of your child. You must agree to the individualized educational plan for your child before it may be implemented. If you do not agree with the plan proposed for your child, you have the right to request an impartial hearing from your local school.

You have the right to have the placement committee make an annual review of your child’s educational program. Any special services your child receives as a result of the educational program prescribed for him/her by the placement committee must be at

no cost to you. This includes special equipment and material to be used in the classroom and any transportation that is needed as a result of your child's handicap.

Your right to a free appropriate education for your child extends to all of the costs involved in caring for your child at a special school except clothing, personal items and medicine if the local school district is unable to provide the services your child requires in your local school.

If you request an impartial hearing under any of the rights presented here, you have the right to present evidences, cross-examine witnesses, be represented by an attorney, receive copies of all evidence the school intends to introduce at the hearing at least five days before the hearing and receive a decision within forty-five days of the time you requested the hearing. A more detailed explanation of your rights at an impartial hearing will be provided to you in the event you should request such a hearing.

If the school requests to evaluate and place your child in a special program, you have the following rights:

You have the right to refuse an evaluation of your child; however, the school has the right to request an impartial hearing on this issue and if the hearing officer determines that your child should be evaluated, the school may conduct such an evaluation without your consent unless you place your child in another school at your own expense.

You have the right to refuse to agree with an individualized educational program developed for your child by the placement committee. Once again the school has the right to request a hearing on this issue and unless you intend to place your child in another school at your own expense, your child will receive the educational services detailed in the individualized education plan drawn up by the placement committee if the hearing officer decides in the school's favor.

If the school should request an impartial hearing over the provision of educational services to your child, you will receive a detailed description of your rights. Generally you have the right to produce evidence, cross-examine witnesses, present your own witnesses, be accompanied by a lawyer and receive copies of all evidence the school intends to introduce at least five days before the hearing.

This outline of your educational rights is intended to inform you of what you may or may not expect in receiving a free appropriate education for your child. You may also wish to contact the Section for Special Education at 773-4689 or the Wall School District Superintendent at 279-2156.

### **Statement of Board Acceptance/Elastic Clause**

**This handbook will not cover all possible events that will occur during the school year, thus, if a situation arises that is not specifically covered in this handbook, the administration will act fairly and quickly to resolve the situation. In reaching a solution, the interest of the students, parents, school district and the community will be taken into consideration.**

**The Wall School District policies reserve the right in *Loco Parentis* to intervene when actions interfere with the school environment.**

**The Wall Board of Education adopted the preceding policies. Please read them over carefully, and if there are any questions, contact the Principal's office at 279-2156. ## **Wall School District Acceptable Network and Internet Use Policy**

### **I. Introduction**

The Children's Internet Protection Act (CIPA), 47 U.S.C. §254(h)(5) require public schools to implement certain measures and actions to ensure that students are restricted from accessing inappropriate materials online using school-owned computers. This District's Acceptable Network and Internet Use Policy (hereinafter "AUP") is intended to set forth the specific obligations and responsibilities of all users, including students and staff, who access the District's Network, and to ensure such use complies with the CIPA requirements.

"Network" is defined as any and all District owned computers, servers, hardware or software, the District's local area network, wireless access points, the Internet, Internet 2, the District intranet, email, chat rooms, other forms of direct electronic communications or other communications equipment provided by the District regardless of the physical location of the user. This AUP applies even when District provided equipment (laptops, tablets, etc.) is used on or off premises of District property.

### **II. Acceptable Use**

The Network may be used only as a tool to support and advance the functions of the District as well as its curriculum and educational programs. Access to the District's Network is a privilege and not a right. Users of the Network are responsible for their behavior and communications over the Network and access to Network services will be provided only to those staff and students who agree to act in a considerate and responsible manner and in accordance with the District's Internet Safety Policy and this AUP.

Students may use the Network only in support of educational activities consistent with the educational objectives of the District. Faculty and staff may use the Network primarily in support of education and research consistent with the educational objectives of the District. Faculty and staff may access the Network for limited personal use but not for any commercial or business use; however, such personal use may not violate any applicable rules and regulations or applicable administrative procedures or interfere with job performance. Use of the Network must be in compliance with applicable laws, including all copyright laws and all materials on the Network should be presumed to be copyrighted.

All members of the staff who wish to use the Network must sign this AUP whenever requested by the District, to confirm that the staff person has read and understands this policy and agrees to abide by it. Each student must sign this AUP annually to confirm that the student has read and understands this policy and agrees to abide by it. Students who are under 18 must have their parents or guardians sign this AUP and submit it to the District.

### **III. Network Etiquette**

- A. Be polite. Do not send or encourage others to send messages that are abusive or otherwise fall in the definition of Prohibited Use in Section IV.

- C. All communications and information accessible via the Network should be considered private property that you cannot appropriate for your own use without appropriate attribution and consent.

### **IV. Prohibited Use**

**V. Use of Privately Owned Devices**

**VI. Network Folders**

Network folders will be provided on District servers for staff and students to facilitate storing of classroom projects and work. Access will be restricted by network username and password. Students will typically be limited to 500 Megabytes of storage. The contents of student folders will be removed at the end of each school year. Students are responsible for saving any information from their folders that they wish to keep prior to the end of the year. The District reserves the right to monitor the amount of disk space used and/or the content of the material being stored to insure compliance with this policy.

**VII. Off-Premise Use of Network**

Students under the age of 18 should only access District-assigned email accounts and/or other Network components including but not limited to school-assigned computers such as laptops, tablets or e-readers off of District premises if a parent or legal guardian supervises their usage at all times. The student's parent or guardian is responsible for monitoring the minor's off-premise use of the Network and ensuring such use complies with this AUP.

**VIII. Disclaimer**

The District makes no guarantees about the quality of the services provided and is not responsible for any claims, losses, damages, costs, or other obligations arising from use of the Network or accounts. Any additional charges a user accrues due to the use of the District's network are to be borne by the user. accessible on the computer network or the Internet, is understood to be the author's individual point of view and not that of the District, its affiliates, or employees.

**IX. Enforcement**

Prohibited use of the Network may, for students, result in disciplinary action up to and including suspension or expulsion from school or, for employees, suspension or termination of employment. Where circumstances warrant, prohibited use of the Network may be referred to law enforcement authorities.

When a school administrator has a reasonable belief that a student has violated a school rule, policy or the law, and there are facts and inferences that would cause a reasonable person to suspect that a search of the student's personal technology device(s) will reveal evidence of a violation of said school rule, policy or the law, the administrator shall have the authority to search such device, provided that the scope of the search relates to the suspected violation giving rise to the reasonable suspicion.
